Welcome to Michael's Pizzeria

As you become a regular at Michael's you become a part
of an extended family. We opened our first pizzeria in Greenville
in 1995 and sold it after our current place really took off. We are an
owner/operator business and understand the cost of everyday living.

We strive to keep our cost to a minimum and pass the savings on to
you, our valued customer. Although cost are important, quality comes
first. We won't sacrifice quality just to "save a buck". Our products are made
in house. We make our own sauces, dough, and pasta's. We even shred
our own cheese so we can serve a great quality cheese without all the
preservatives of the pre-shredded cheeses. Be assured that when you order
from Michael's Pizzeria, you are getting the "best quality of food"
and at the same time putting your money back into YOUR community.
